

General Casualty

Primary Casualty

Our General Casualty Primary Group offers broad, flexible and comprehensive casualty solutions for accounts that use risk management services or require customized coverages and services. We prefer accounts that participate in the loss experience through SIRs or Deductibles, but we will also write guaranteed cost programs.

STARR's broad offering of primary and excess Casualty coverage addresses loss of property, damage, or other liabilities from both common and less-foreseeable risks.

Our experienced underwriters can work with you to create a customized casualty insurance program that gives you the risk protection you need in an ever-changing world.
